

Sammi Rae & Los Vegas

A Long Island native, Sammi Rae has been singing for four years, and has been garnering a ton of praise from audiences nationwide. Her strong and soulful voice shows an incredible amount of talent and dedication, and knowing that 'you have to believe in yourself and have confidence to be successful,' has been her continued mantra. On her most recent track with Los Vegas - "Escápate", the magnetic collaboration brings to life the sentimental romance often featured in Reggaetón hits with an energetically pumping backbeat and laid-back flow that is sure to make it a club hit. Trading lyrics like "If I leave with you, I want to be there with you through the night // I want to feel your arms around me, hold me tight // Your body next to mine, you make me feel so high" with Los Vegas, and the refrain "Never mind what anybody says, I just want to dance the night away, I just want to know if we can escape", Murciano shows off her vocal prowess in a new genre which she seems just as at home in as her past pop-driven tracks. On working with Vegas, Murciano says "It has been amazing to work together. To collaborate with someone who has the same passion and dedication for music as I do. We are very excited for what's to come and have a lot of new music coming soon.
